Name: Shuiyin Liu

Address: Kunming Institute of Botany, Chinese Academy of Sciences Lanhei, Road 132, 650201 Kunming, Yunnan Province, China

Email: liushuiyin@mail.kib.ac.cn or liushuiy@foxmail.com

CURRENT RESEARCH

I'm working on the phylogenomics of oaks (*Quercus* L.) from evolutionary and ecological perspectives, as well as the macro-evolutionary mechanism and drivers for the diversification of this group. I'm also collaborating with two labmates (Xiaogan Fu and Chenxuan Yang) on the investigation of the phylogenomics of Cannabaceae and Moraceae.

EDUCATION

Sep. 2017–Present	Ph.D.; Biochemistry and Molecular Biology	Kunming Institute of Botany, Chinese Academy of Sciences; Supervisor: Prof. Tingshuang Yi
Sep. 2014–Jun. 2017	Master of Science; Botany	Xishuangbanna Tropical Botanical Garden, Chinese Academy of Sciences;

Supervisor: Prof. Hua Zhu and Prof. Jie
Yang

Sep. 2010–Jun. 2014 **Bachelor of Science;**
Ecology

College of Forestry, Guangxi
University
